 **GreatWhite**[®]
THE FUTURE OF BRIGHT

Welcome to the world of Great!

I was thrilled with GreatWhite's vision of providing an extraordinary lifestyle and was fascinated by the revolutionary products that brand has developed in the home electrical space. The brand has redefined the meaning of comfort with solutions that are not only innovative but at the same time environment friendly too. The idea of creating a comfortable lifestyle with a sustainable environment is the true meaning of luxury and this enticed me for the association with the brand.

With this association as brand ambassador of GreatWhite, I feel privileged to promote luxury and comfort to consumers across the globe. The world is changing and I believe the need for convenience and safety is the need of the contemporary world. Brand's philosophy of providing a better life with innovative and ultra -modern solutions resonates with my personality, Moreover, the commitment towards work and relentless efforts to create the products of exceptional quality and standards, sync with my belief.

I welcome you to this journey of luxury indeed to a journey of Great.

Tiger Shroff for GreatWhite

*The journey of
excellence continues...*

Mission

To provide comfortable and convenient lifestyle with revolutionary products in the home electrical space.

Vision

GreatWhite's vision surpasses all things ordinary. It is a commitment to redefine the way people use electrical products by providing them with an unprecedented level of security and safety through process of extensive R&D and continuous innovation. By re-discovering the usage of electrical products and reinventing the spark, GreatWhite's aim is to brighten up lives of users. Superior designs, new age technology and a commitment to be earth friendly sums up the mission of the company.

Since our inception, we have been striving to provide an extraordinary lifestyle through revolutionary products in the home electrical space.

We started our journey with a vision to make comfort and luxury a reality. With passion, relentless efforts and commitment we have developed quality and innovative solutions. We are proud to be honored as the 'World's Best Brand of the year 2017-18' for South East Asia. In the year 2022, we have added another feather in our cap by bagging 'The Pride of India's Brands' award in the home electrical category at the Best of Bharat Awards 2022 hosted by Exchange4Media.

With extensive research and development, we have developed products that are a perfect blend of design and technology. All GreatWhite products are crafted to perfection at our two state of the art manufacturing facilities that are over 2,00,000 sq. ft. and 3,00,000 sq. ft. respectively. To provide an extraordinary lifestyle, we have developed revolutionary products like new age Switches, LEDs, Fans, Home Automation, Wires & cables, Switchgears and more.

We are proud to spread the Great lifestyle across India with more than 5000 dealers. With a vision to establish our footprints across the globe, we have marked our presence in UAE, Nepal and Africa. Renowned for quality, GreatWhite has a vast clientele in India from various industries like real estate and infrastructure, hospitality, government institutions and more. We are proud to work closely with the top architects, consultants and designers in India.

At the heart of GreatWhite lies Innovation, luxury and passion. At GreatWhite, we leave no stone unturned to raise the quality of life and therefore, we create solutions that harmonize design and technology. Join us in our journey of luxury indeed in the journey of Great.

THE FUTURE OF BRIGHT

DB

new phase of Design

arcus **B**

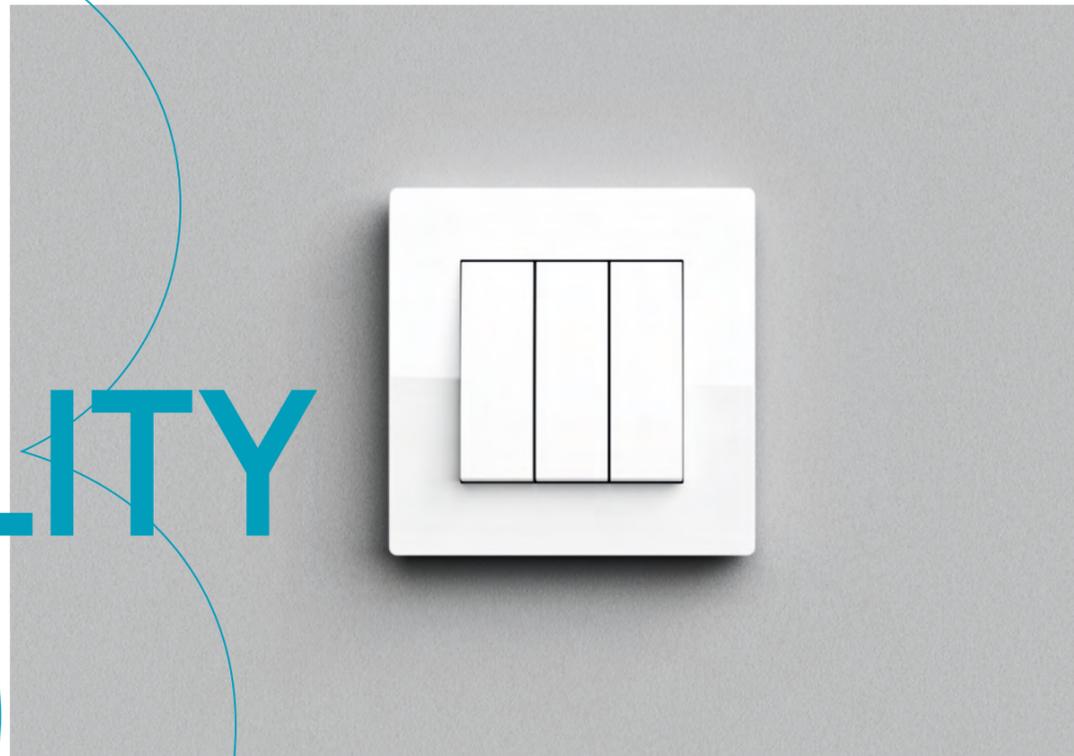

Series

It all started with a belief, and a purpose - a belief that there's no such feat that cannot be achieved, and a purpose to deliver the best in products and services. A short decade later, we're one of the leading home electrical brands in India.

Arcus - B is manufactured and designed at a state of the art, fully integrated automated plant, with bench mark processing systems, employing most advanced technologies and using highest quality raw materials. Arcus B switches, sockets and accessories are manufactured using high quality fire retardant Technopolymer that withstands mechanical stress, humidity and high temperatures ensuring great performance and longevity. The switching contacts are made up of high quality silver alloy to withstand inductive and resistive loads, ensuring excellent performance.

QUALITY

Of Materials

Durable

Fire Retardant

Positive action switching mechanism

Arcus B switches are characterized by positive switching mechanism designed to have positive mechanical engagement. Positive switching operation is accompanied with a soft yet definitive feedback "click" and ensures the position of the switch contact corresponds exactly to the position of the actuator. The fast-moving mechanism fosters quick-closing of contacts, very low contact bounce (also called chatter) and minimal arc formation, thereby minimizing contacts damage and significantly enhancing product's service life.

At GreatWhite, we understand the importance of safety. Arcus B housing and casings are made from engineering – grade thermoplastic technopolymers that are impact resistant, inherently flame retardant, has substantial volume resistivity and are non-hygroscopic. These characteristics enable the switches to withstand high temperature, high mechanical stress, humidity and provides better insulation between the live part and the external surface, making it safe, strong and durable.

Socket outlets are provided with 'child resistant shutter system', which is designed to inhibit access to the live parts, unless a designated plug is in position.

Dual earth terminals

Dual Earth terminals in socket outlets enhance user safety for applications requiring high integrity earthing.

SAFE

to Operate

UV rays resistant

One of the major threats in the environment is the UV rays. Arcus B series fixtures made of high quality material do not crack or degrade under extreme weather conditions.

arcus

Arcus B series of switches, sockets and accessories are easy to install. Plates are fully compatible with standard BS wall boxes allowing installation on pre-existing wall boxes. Terminal identification markings are moulded, permanent and unerasable.

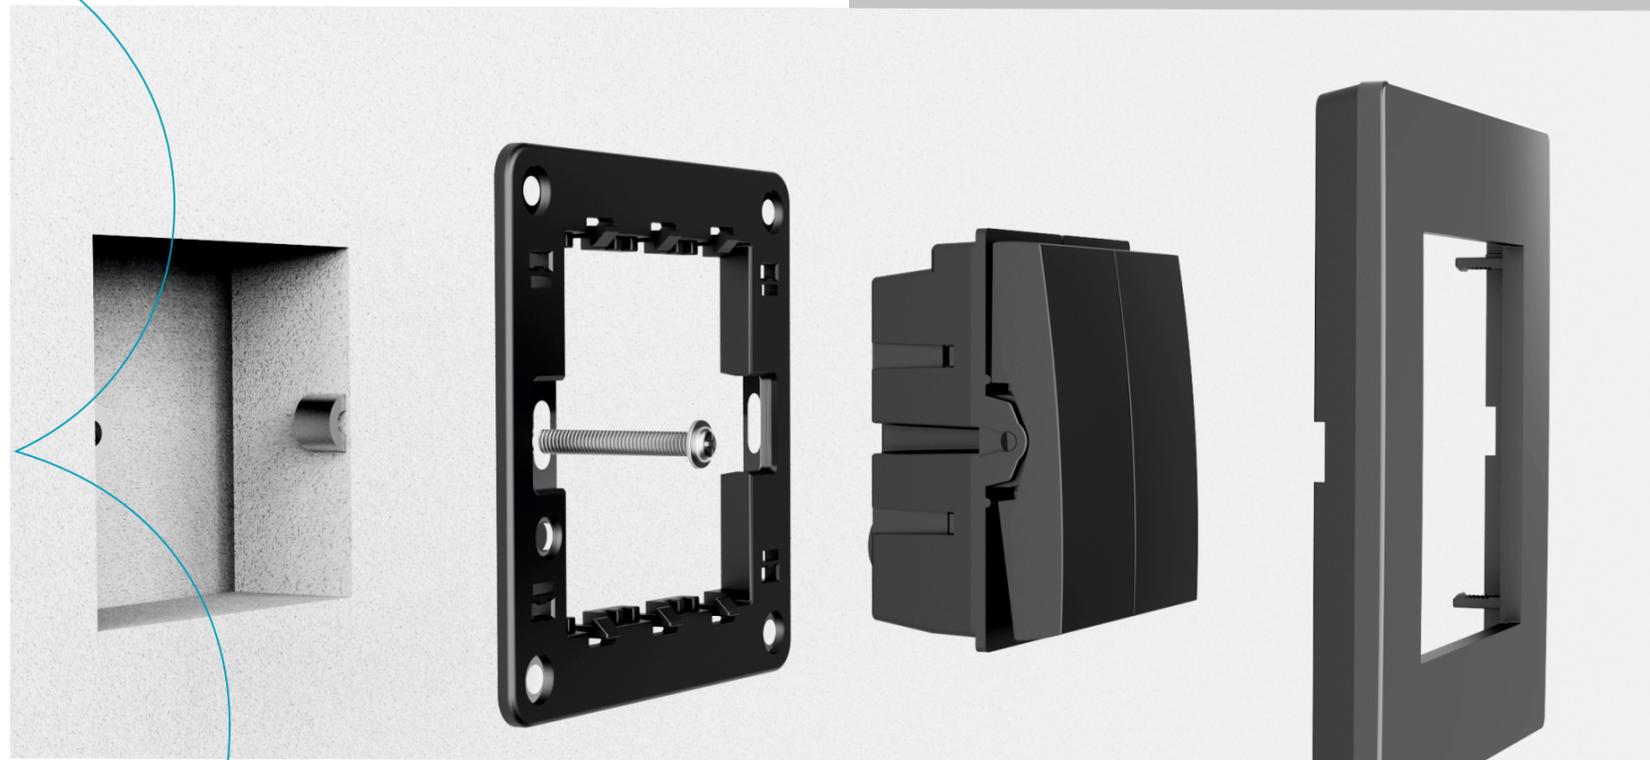

Terminals & screws

Socket outlet terminals are angled to facilitate easy accessibility during installation.

Terminal screws are captive and are always retained alongside the terminals even when fully backed out, hence losing those screws are a thing of the past.

EASY

Installation

Front loading switch mechanisms

Front loaded switch modules cannot be pushed back into the wall cavity by frontal impact, thereby maximising end-user safety.

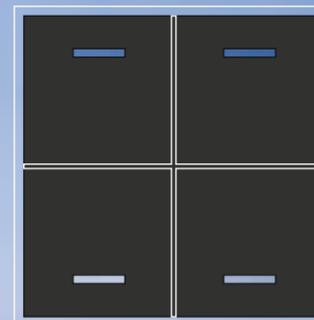

Steel reinforced frames

Steel reinforced mounting plate enhances strength to the frame to hold the modules securely and firmly in their position even when mounted on uneven wall surface

Secure your world with the power of 3

At GreatWhite, we believe in uncompromised safety. With this unwavering belief, we have created Secure-X wires and cables with triple layered Insulation that provides three times more protection than ordinary cables. The wires & cables have a heart of the copper with highest purity electrolytic grade and it's insulated with a superior grade PVC compound, tailor made for each cable. Manufactured at state-of-the-art facilities with best manufacturing practices adhering to international standards, our wires and cables are safe and reliable.

The range includes Single Core PVC Insulated Wires for residential purpose. The category also includes Panel Wires, Multi Core PVC Insulated and Sheathed Cables adhering to BS and International Standards.

WIRES & CABLES

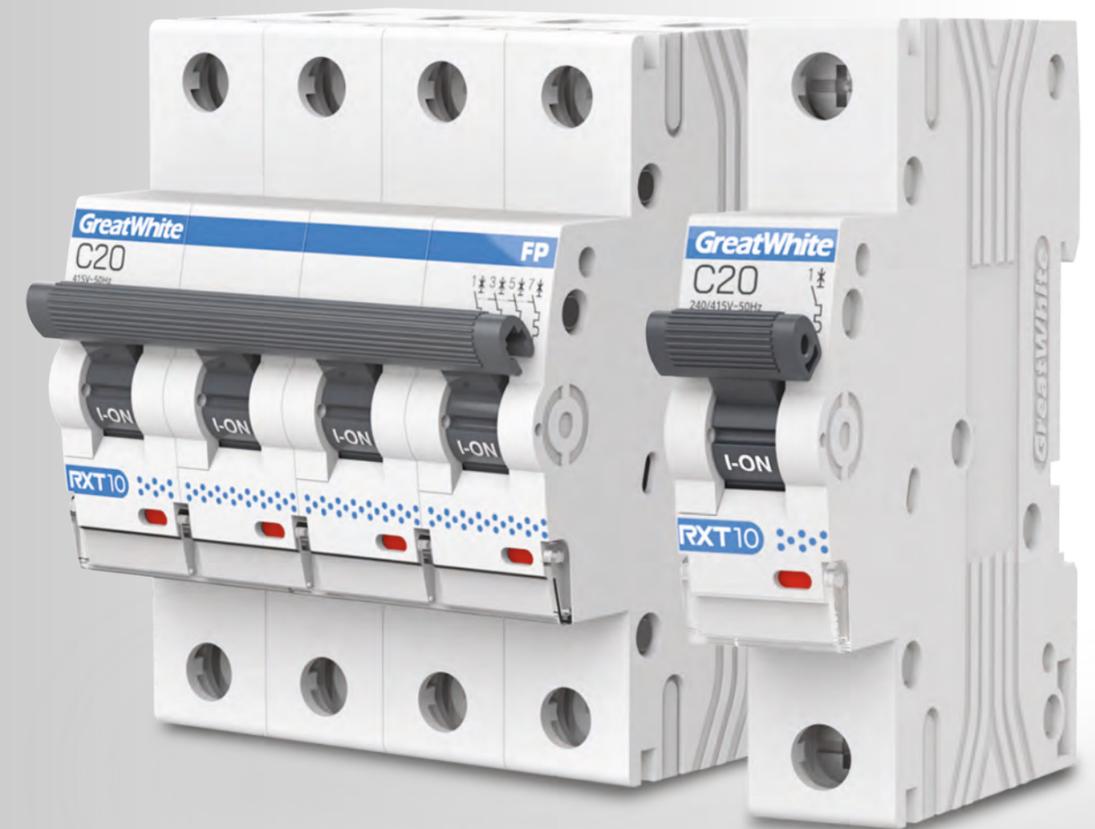

Safeguard your world with the Great

With GreatWhite's Switchgears, we have set a new benchmark of safety. Bring a new dimension to security with GreatWhite Distribution Boards (DBs), Miniature Circuit Breakers (MCBs) with 10kA breaking capacity and RCCBs.

GreatWhite's Switchgears protect you against electrical hazards with its dual protection features namely Thermal Overload Protection and Magnetic Short Circuit Protection.

GreatWhite Switchgears are designed to meet the most stringent Indian and International standards and passes all tests of safety for residential and industrial use.

MCBS,
RCCBS
& DBS

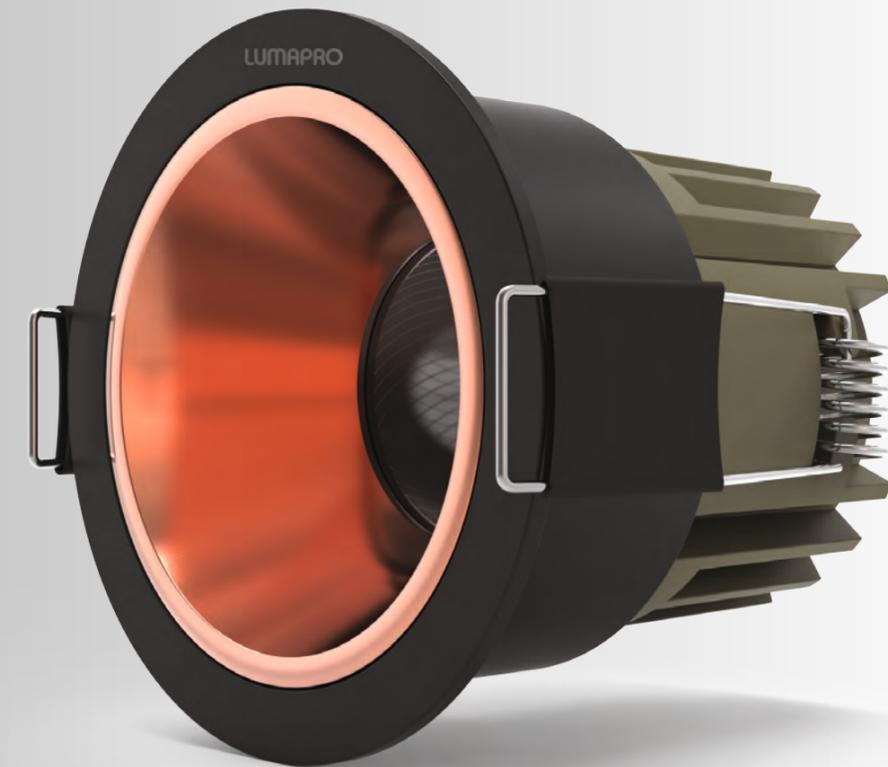

Brighten up your world with the Great

Lighting enhances the mood, accentuates your decor and sets the tone of your room. At GreatWhite, we believe that a perfect light setting is equally important as your other decor elements. Also, as the world is moving towards energy conservation, GreatWhite brings you energy efficient LED lighting solutions that amp up your home décor with its impeccable design and reduce energy consumption too.

GreatWhite has a wide range of lighting solutions with down lights, panel lights, surface lights, COB lights, street lights, outdoor lights and more, designed for residential and commercial spaces.

LIGHTING

A perfect host for a warm welcome

Welcome your guests with the sweet "Ding Dong" tune of GreatWhite electromagnetic Doorbells and create the best impression.

You are never short of warm welcome with the exciting new range of GreatWhite Doorbells that are available in multiple color and finishes. Made with quality material, our Doorbells are aesthetically good and functionally efficient too.

Certificate of Compliance

CE

We hereby declare that the technical file of product complied with the requirement of directive 2014/53/EU Low Voltage Directive.

Certificate No.: CE-2698

Manufacturer
Name : GREAT WHITE GLOBAL PRIVATE LIMITED
Address : Survey No. 32/2/PI, 35/2, 38/PI, 39/P2, Gundlav, Valsad N.H. No. 48, Valsad, Gujarat- 396035, India
Product : Electricals Switches, Plugs & Socket Outlets, MCB's, Changeover Switch, Switch Disconnector, Wiring Accessories, Electronics & IT Products, LED Panels, Lighting Products, Distribution Boxes, RCCB's, Fans, Conduct Pipe, PVC Tape.

Complies with the requirements applicable to it
The quality system file has been assessed, approved and is subject to continuous surveillance according to the 2014/53/EU Low Voltage Directive.

This certificate is issued under the following conditions:

1. It applies only to the quality system maintained in the manufacture of above referenced models and it does not substitute the design or type examination procedures, if requested.
2. The certificate remains valid until the manufacturing conditions or the quality systems are changed.
3. The certificate validity is conditioned by positive results or surveillance audits.

The CE mark as shown above can be used, under the responsibility of the manufacturer, after completion of an EC Declaration of conformity and compliance with all relevant EC Directives. The statement is based on a single evaluation of one sample of above mentioned product. It does not imply an assessment of the whole production.

Validity of this certificate can be verified at www.ukcertifications.org.uk/verify

Date of this Certificate	21 st June 2023
1 st Surveillance Audit Due	20 th June 2024
2 nd Surveillance Audit Due	20 th June 2025
Certificate Expiry (subject to the company maintaining its system to the required standard)	20 th June 2026

Company No: 11847851

Certificate of Compliance

RoHS

RoHS Directive (2011/65/EU) as Amended (EU) 2015/863 of the European Parliament and of the Council on the restriction of use of certain Hazardous Substances in Electrical and Electronic Equipments

Certificate No.: Draft

Manufacturer
Name : GREAT WHITE GLOBAL PRIVATE LIMITED
Address : KHASRA NO. 62 TO 65, DHANPURA PADARTHA HARIDWAR, UTTARAKHAND - 249404, INDIA
Products : ELECTRICALS SWITCHES, PLUGS & SOCKET OUTLETS, MCB'S, CHANGEOVER SWITCH, SWITCH DISCONNECTOR, WIRING ACCESSORIES, ELECTRONICS & IT PRODUCTS, LED PANELS, LIGHTING PRO DUCTS, DISTRIBUTION BOXES, RCCB'S, FANS, CONDUCT PIPE, PVC TAPE

This is to state that the above mentioned product is in compliance with RoHS Directive (2011/65/EU) as Amended (EU) 2015/863 of the European Parliament and Commission Decision 2005/618/EC on the restriction of use of certain Hazardous Substances (Lead (Pb) < 1000 ppm, Mercury (Hg) < 100 ppm, Cadmium (Cd) < 100 ppm, Hexavalent Chromium (Cr VI) < 100 ppm, Polybrominated Biphenyls (PBB) 1000 ppm, Polybrominated Diphenyl Ethers (PBDE) < 1000 ppm, Bis(2-Ethylhexyl) phthalate (DEHP) < 1000 ppm, Benzyl butyl phthalate (BBP) < 1000 ppm, Dibutyl phthalate (DBP) < 1000 ppm in Electrical and Electronic Equipments.

Statement:
This certificate declares that the product type / model described above complies with the mentioned above European Standard(s).

Remarks:
This certificate of complies is based on the evaluation of a sample of the above mentioned products. It does not imply and assessment of the mass-production of the product. This certificate holder may use this certificate in connection with the test report. The certification body should be informed (revision of technical file) for any modification or alterations made to the aforementioned product type(s), including design and manufacture and /or extension to the existing scope of application.

The certificate is valid for three years if the company applies the technical construction file which has been stored in UKCert office. This certificate includes declaration of manufacturer. Certificate remains property of UKCert (UK Certification and Inspection Ltd) to whom it must be returned upon request. The certificate validity is conditioned by positive results or surveillance audits.

Validity of this certificate can be verified at www.ukcertifications.org.uk/verify

Date of this Certification	09 th May 2023
1 st Surveillance Audit Due	08 th May 2024
2 nd Surveillance Audit Due	08 th May 2025
Certificate Expiry (subject to the company maintaining its system to the required standard)	08 th May 2026
